LEAP Update

It's hard to believe we're nearing the end of the marking period already!

We're heavily involved with our mythology projects and the students will be presenting them to the class before Christmas break. From replicas of temples to PowerPoint demonstrations, we have a wide array of talent that will be showcased through the finished products!

I've included some information below that highlights upcoming events and presentations that you may find helpful. Please contact me if you have any questions or concerns. Happy fall!

Sincerely,

Miss Mohr

The American Math Challenge

We will be joining students aged 9 – 14 across America in an exciting online math challenge! Students will have the task of answering as many math questions correctly as possible. We will be practicing during the week of November 2nd and the challenge itself runs from November 9th – 16th. Students will be able to play during LEAP and at home with internet access. One point for each correct answer is earned by playing the Live Mathletics game online. Ten points will be given for answering interactive math questions. More information is available online at www.americanmathchallenge.com.

The Needs of Gifted Students

A presentation entitled, "The Needs of Gifted Students" will be given on Tuesday, November 17th at 7:00PM at Alvernia College Upland Center in room 227 near Reading, PA. Pennsylvania Association of Gifted Education (PAGE) speaker Dawn Settle will describe the cognitive and affective needs of gifted students, how parents can "read" their gifted child, and appropriate program options.

To participate, please contact Jane Marie Clipman at jclipman@ptd.net.

Parent Portal

To access Parent Portal, log on to www.easdpa.org. Click on Parent Portal (on the left) and follow the instructions. Print out the signature sheet, sign, and send to school with your oldest child. Parents cannot access parent portal until the office receives the signature page.
