# Miss Mohr's Memo

## LEAP Update

It's hard to believe we're nearing the end of September already! LEAP students have been hard at work and we're gearing up for a great year!

Starting this week, we are beginning our projects. 5<sup>th</sup> and 6<sup>th</sup> grades will be completing projects on the topic of "Mythology" while 7<sup>th</sup> and 8<sup>th</sup> grade will be studying "The

Future." We will be integrating study skills, organizational habits, and reinforcing the research process through the projects. The students are excited to get started on these interesting topics!

Please contact me if you have any comments or concerns.

Sincerely,

*Miss Mohr*

## Lancaster Science Factory Gifted Event

Lancaster County Partners for Gifted Education is offering the second annual "After Hours at the Lancaster Science Factory"

Gifted students, their siblings, families, and friends are all invited to this special "After Hours" event. The Lancaster Science Factory houses over 40 hands-on interactive exhibits featuring the physical sciences. Parents can plan on having one adult for every four children in

their group. Science Factory volunteers will be available to answer questions. Light refreshments and information on gifted education/parenting will also be provided in the Science Factory "classroom."

The cost is \$4.50 per person. For more info and to register, please contact:
